

Dr. Michael Quinn graduated from WSHS in 1974. Showing his spirit for service early, Dr. Quinn was a member of the United States Army ROTC and then finished his medical education at William School College of Podiatric Medicine. As a licensed physician in Wisconsin, Iowa, and Minnesota, he has taken on many roles and achieved many honors for podiatric medicine and surgery. His skills could have taken him to many medical institutions, but he stayed in the Coulee Region to serve his neighbors. Presently, he is chairman of the department of Podiatric Medicine and Surgery at Mayo Clinic in La Crosse. Although his medical career is stellar, his time and love for helping others through the Boy Scouts of America is equally impressive. As a boy scout growing up, Dr. Quinn achieved the top honor of becoming an Eagle Scout at the young age of 15. From the years of 1978 through 2014, he was immersed in the Boy Scouts of America and was honored with the Scoutmaster's Key, The Scout Leaders Training Award, President's Award for Scoutmasters, District Award of Merit, Cubmaster Award, the Cub Scout Leaders Award, and the James E. West Fellowship Award. He has given hours and hours to mentoring and guiding youth in this community. Having this much devotion to youth and medicine, we can understand just a bit of his generous personality as a wonderful leader and mentor.
